

Top Ten Reasons To Attend Holy Trinity Catholic School

#10 Have Fun

You will enjoy time with your friends in sports or science, math or language arts; work with art, choir, and band. Holy Trinity is a great place to learn and grow!

#9 Become A Star

You can compete in sports like basketball, volleyball or track. You can play intramural contests and competitions. You can perform in the Christmas pageant, the Living Stations, the Wax Museum, our International Day celebration or produce/perform for the all-student Talent Show.

#8 Get Smart!

You will like learning in a very student-centered friendly place. The teachers are committed to creating interactive "hands-on" lessons that enable you to take charge of your learning. You'll work in cooperative groups; learn by doing real life activities. You will certainly excel in several of your favorite subjects!

Then, go for the Math Team Competitions, Spelling Bee, Science Fair, Geography Bee and State Capital competitions.

#7 Explore New Things

Holy Trinity classes make extensive use of the latest technology. You learn a lot searching the Internet and using computer programs. Become an expert in creating Power-point presentations, using computer simulations, and the on-line textbooks eliminate the need to carry heavy textbooks home each evening. Our wireless laptop environment and state of the art library (under construction) provide students an enormous amount of resources at their fingers. Check out your class grades and assignments on-line.

#6 Become an International Citizen

You will become fluent in French or Spanish, learn about many traditions, visit ethnic restaurants, study the geography of the world, collaborate with students across the continents, and celebrate the history and culture of the family of nations.

#5 Win Lifelong Friends

You will have the opportunity to study, pray and play together while understanding and celebrating differences. Holy Trinity has a diverse student population where everyone lives Christ's message of the Gospel. You will learn to think globally and interact in a school community which asks four critical questions: **Is it true? Is it kind? Is it necessary? Is it what Jesus would want?**

#4 Demonstrate Leadership

Students can campaign for a Student Council office. You could serve as a lunch supervisor; or you could become a "Buddy" for a pre-school student. Many Holy Trinity students become altar servers, lectors and actively participate in the weekly school Mass liturgy.

#3 Build Academic Excellence

Did you know that our students consistently score in the top quartile on National Standardized Tests, often significantly exceeding their predicted test scores? Last year eight students qualified for the State Science Competition where the school team walked away with 1st, 3rd and 4th place honors! And, our Math Team won Regional Math Competitions at Montini and Nazareth High Schools. One of our graduates received the highest score on the Montini High School entrance exam, qualifying her for a tuition scholarship.

#2 Grow in your relationship with Jesus through Faith-Based Education

We begin each day with prayer followed by Religion class. Students attend weekly Mass, monthly Eucharistic Adoration, Stations of the Cross (during Lent), and several Para liturgy celebrations throughout the year.

And.... The #1 Reason to Attend Holy Trinity Catholic School: Because it offers an Education with a difference;

The Difference is Jesus Christ!
